Launch of Virtual Collaborative to Reduce Newborn Infections in Hospitals throughout Latin America

A new virtual improvement collaborative to reduce neonatal infections in Latin America, Red INFECC, was launched on Tuesday March 31, 2015 through an inaugural webinar moderated by Dr. Jorge Hermida, a public health professional and quality improvement expert, representing the USAID ASSIST Project. Dr. Goldy Mazia, a Pediatric and Neonatal Health Advisor for PATH represented the Maternal and Child Survival (MCSP) Program managed by Jhpiego, and Dr. Pablo Duran, Pediatrician and Coordinator of the Neonatal Alliance for Latin America from the Latin American Center for Perinatology (CLAP), also participated in the inaugural webinar. Watch the inaugural seminar on the right

ARRANCÓ COLABORATIVO DE REDUCCIÓN DE INFECCIONES HOSPITALARIAS NEONATALES EN HOSPITALES DE AMÉRICA LATINA

El martes 31 de marzo de 2015 se realizó el Seminario Inaugural del Colaborativo de Reducción de Infecciones Hospitalarias Neonatales en América Latina, Red INFECC. En el seminario, realizado a través del internet, participó desde Ecuador el Dr. Jorge Hermida, Médico salubrista, experto en Mejora Continua de la Atención en Salud, en representación de una de las instituciones auspiciantes, el Proyecto ASSIST de USAID. En representación del Proyecto de Supervivencia Materno Infantil, MCSP de USAID/ PATH, participó la Pediatra y Asesora de Salud Neonatal, Dra. Goldy Mazia. La inauguración del seminario corrió a cargo del Dr. Pablo Durán, Pediatra, Coordinador de la Alianza Neonatal para América Latina y Director del Centro Latinoamericano de Perinatología (CLAP), desde Uruguay. Vea el seminario web inaugural arriba.
