Southern Africa Region

ASSIST is using data-driven improvement approaches to build the capacity of service delivery organizations in two provinces in South Africa, as well as in selected sites in Botswana, Lesotho, and Mozambique, to improve the effectiveness, efficiency, client-centeredness, safety, accessibility, and equity of the nutrition assessment, counseling, and support (NACS) services for HIV clients.

For more information on ASSIST’s work in the Southern Africa Region, please contact assist-info@urc-chs.com [1].

The USAID ASSIST Knowledge Portal is made possible by the generous support of the American people through the U.S. Agency for International Development and its Bureau for Global Health, Office of Health Systems. The information provided on this web portal is not official U.S. Government information and does not represent the views or positions of USAID or the U.S. Government. The USAID ASSIST Project is managed by University Research Co., LLC under Cooperative Agreement Number AID-OAA-A-12-00101.
