Zika webinar series: Improving Care and Support for Zika Affected Infants and Mothers: The Experience of the ASSIST Project in 13 LAC Countries

The USAID Zika team in collaboration with GHPoD is putting on a webinar series to highlight accomplishments and lessons learned from partners across the Zika response. During the second webinar in the series, a presentation by Graciela Avila and Diana Chamrad from the ASSIST project discussed the importance of finding women and children affected by Zika to assure that needed services (e.g., psychosocial support) are available and linked across the health system.

When: October 2, 2019 at 12 P.M. EST
