

Kenya

In Kenya, ASSIST is working to institutionalize and scale up gains made in facility- and community-level improvement work to ensure sustainability. The project is supporting the Ministries of Health (MOH) and Labor, Social Security and Services (MEACL&SP), the National AIDS and STI Control Program, US government implementing partners, and county governments to design and implement strategies that will enhance the quality of health service delivery.

For more information on ASSIST's work in Kenya, please contact assist-info@urc-chs.com [1].

The USAID ASSIST Knowledge Portal is made possible by the generous support of the American people through the [U.S. Agency for International Development](#) and its [Bureau for Global Health, Office of Health Systems](#). The information provided on this web portal is not official U.S. Government information and does not represent the views or positions of USAID or the U.S. Government. The USAID ASSIST Project is managed by [University Research Co., LLC](#) under Cooperative Agreement Number AID-OAA-A-12-00101.
