The Tuberculosis Control Assistance Program (TB CAP) is a five-year (2005-2010) cooperative agreement funded by USAID to the Tuberculosis Coalition for Technical Assistance (TB-CTA), a coalition of the major international organizations in TB control led by the KNCV Tuberculosis Foundation. The TB-CTA Library contains links to many tools and guidelines developed by TB CAP and its partners, as well as country-specific products, featured in its TB CAP Toolbox CD-ROM.
